

## Working Better Together

A one-day workshop for helping your team use strengths and personality type to your advantage

Everybody is wired differently.

While the best teams take full advantage of differences, the rest of us often struggle because we tend to expect others to "be like us."

This one-day workshop will help you understand yourself, appreciate others, and learn how to incorporate differences to help you be more effective as a team.

To generate new learning and effective approaches to being a team, You will access three powerful and popular tools: MBTI, Strengths Finder and MINDFRAMES.

- ❖ The **Myers-Briggs Type Indicator** is the world's best known and most trusted personality-type tool available today. The instrument is the most widely used assessment in the world for understanding individual differences and uncovering new ways to work and interact with others.
- ❖ Developed by the Gallup Organization, the Clifton Strengths Finder is quickly becoming the leading tool for helping people discover the unique talents they offer for good in the world. When it comes to working together, the tool helps each person appreciate his or her strengths and know how to help other team members show up at their best.

**Strengths  
Finder**

### ❖ MINDFRAMES

Measures how often you use each of eight distinct patterns of thought and action. Find out which mindframes is the foundation of your unique personality!

### Who Should Attend

Persons from professional and ministry organizations who work in a collaborative context.

Bring all levels of personnel - especially your support staff and administrative professionals.

### Benefits

Each attendee will complete and receive individualized results from the MBTI, the Strengths Finder and Mind Frames Assessment. Your group will get team reports and hands-on coaching to help you make the most of your type and strengths.
